Host an International Student from China

The Nova Scotia International Student Program, is looking for families to host international students from China in their home. Our students will be here from March 20, 2019 to May 31, 2019 (10 weeks)

This is a wonderful opportunity to expose your family to another culture, and help a visiting student learn about our culture. Quite often the friendships developed from hosting an international student will last a lifetime. Hosting an international student is a great way to show school support and add valuable diversity to our community.

- Provide a private bedroom, 3 meals a day, and inclusion in family activities.
- Host Families will receive a tax -free monthly stipend.
- 24/7 support from a local homestay coordinator throughout the hosting period
- Monthly program activities for the students, and sometimes hosting families.
- Students come with a working knowledge of English.
- Families have the opportunity to share in cultural exchange.

If you would like to have more information about this unique experience please contact:
