6. Student Success Plan

Discussed what a Student Success Plan is. We began review of our SSP goals and strategies/actions at the opening day PD. We looked at data from the Student Success Survey to determine areas that are going well and areas of concern. As a staff (during our next staff meeting) we will be looking at Literacy and Math strategies and actions for our Literacy and Math goals.

Well-Being Goal: We will improve well-being at our school for each of our students, with a specific focus on our students of African and/or Mi'kmaw/Indigenous ancestry.	
Cycle 1	
Evidence: How are students doing? How do you know? 37% of students agree that their teacher knows what life is like at home for them. 28 out of 261 students felt threatened at school within the last 30 days/ of that 28 students 47% felt threatened on the school grounds	Strategy/Actions: What will you do to impact the learning for each of our students? At the beginning of the year we are focused on: <ul style="list-style-type: none">● Getting to know our learners and their lives outside of school● Increasing safety during unstructured times

7. New Business

There have been requests to put together a PTO. This has been attempted in the past, but there has been limited attendees to meetings A message will be sent to Seaside families to determine interest. There was discussion about how a PTO would raise funds when it is expected schools do limited fundraising.

SAC will look into school photos for next year. Brochures came out around November.
